

WHO WE ARE

We have been providing Restorative Justice services and training since 2012. Our partners and clients include Bedfordshire Police, Beds & Luton Youth Offending Services, local authorities, schools, alternative provisions, housing associations, community, voluntary and private sector businesses.

SINCE
2012

Our accredited practitioners possess a broad range of skills and are qualified to deliver a range of restorative practice interventions.

Well Springs is a registered provider with the Restorative Justice Council and adheres to their code of practice in training and service delivery. Well Springs are the local RJ contact for Bedfordshire PCC.

RESTORATIVE JUSTICE TRAINING

AWARENESS SEMINAR

For anyone wanting to learn about restorative practice and its principles.

1/2
DAY

Our seminars are taster sessions which give participants an understanding of restorative practice. They inform participants about restorative practice however will not equip participants with the skills to practice restorative approaches.

INTRODUCTORY TRAINING*

For anyone wanting to use informal restorative practices.

1
DAY

This course provides participants with background knowledge and the skills to use informal restorative practices in their day to day work. The course provides an introduction to the concepts and philosophy of the field of restorative practice and some introductory skills.

FACILITATOR TRAINING*

For anyone wanting to run formal restorative processes.

3
DAYS

Facilitator training provides participants with the knowledge and practical skills to run a formal restorative process.

*Introductory
Workshop
included with
this option.

Participants in this training will be introduced to, and given the opportunity to practice the full range of skills outlined in the core 2010 National Occupational Standards.

The facilitator training course will include practical applications (e.g. role plays of an actual restorative conference). All participants are given the opportunity to participate and observe and will be provided with feedback.

MANAGERS/SUPERVISORS WORKSHOPS

For managers and supervisors wanting to support the quality of restorative practice by their staff.

1/2
DAY

Workshops will give a good introduction to restorative practices, including the evidence base, and will ensure that managers and supervisors are aware of the principles, best practice guidance and national occupational standards as benchmarks of quality.
